Eye tests at home.

See better. Hear better. Live better.

A truly personal service brought to you at home with portable equipment.

Not only is a home eye test more convenient for you, it also allows the optician to see your home environment, which means that they can make sure you're getting the best help for your specific surroundings.

Your test is carried out using portable versions of the equipment that would be used in a high street opticians.

Choosing new glasses

Discover comfortable, stylish glasses that fit your budget from your sofa. With frames for all tastes, and lenses starting at £70 for single vision and £135 for multifocal, our optician can assist in your selection. NHS funding may contribute towards your new glasses if eligible.

Book your home eye test today.

Call our friendly team to arrange your home visit on **0800 60 50 40**, or easily book online at **outsideclinic.co.uk/MS9**

HALF PRICE GLASSES

Get your **second pair half price** when you purchase frames from our £100 range or above.

Quote: MS9

50% discount is valid on the least expensive pair of complete spectacles (i.e. frames and lenses) when you purchase a first frame for £100 or more. Second pair must be the same prescription as the first and purchased at the same time. Cannot be used with any other offer and is valid until 31/10/2023.
